Copies of our Weekly paper, containing full reports of the Legislative proceedings from the beginning of the session, can be supplied at our office, put up in wrappers, for five cents each.

We reproduce Gov. Jarbo's letter, which was first published about the time of the meeting of the Legislature, and from that fact did not obtain a general reading as it served. Notwithstanding its length, the thorough tone of patriotism and conservatism which pervades it, coupled with the author's position and popularity, will command for it an attentive perusal.

INTERESTING INFORMATION.—We learn that the railroad route from New York to Mobile is now fully open via Washington, Lynchburg, Knoxville, Dalton, Atlanta, and Montgomery. The time between Washington and Montgomery (close connection) is seventy-two hours. There is a delay of twelve hours at the latter point. The whole trip from New York to Mobile is made in four and a half days. Travelers may obtain through tickets from New York to Dalton by this route; but the arrangements for the safe transportation of baggage in large quantities have not yet been completed. The roads are in passable condition, but the car equipments are deficient.

Those having relatives in the Twenty-third Kentucky Regiment will be pleased to learn that an order mustering it out of service has been issued, and ere this the boys are probably on their way home.

Of one hundred and twenty inmates of the Lunatic Asylum of Tennessee, sixty are reported as having become deranged by excitement during the war.

The Cincinnati papers chronicle the death of Mr. Tyler Davidson, an intelligent and enterprising citizen, and a successful merchant of that city.

The safe in the new exchange in New York is one hundred feet long, twenty feet wide and nine feet high.

The number of negroes executed in Jamaica by the British authorities is estimated at from 2,000 to 4,000.
